Issuing Date: 2026-06-19

|              |                                                                 |
|--------------|-----------------------------------------------------------------|
| Description  | PAF (non-phospho), Platelet-Activating Factor Receptor Antibody |
| Format       | Purified, Liquid                                                |
| Product Type | Rabbit Polyclonal Antibody                                      |
| Isotype      | Polyclonal IgG                                                  |
| Quantity     | 100 µl                                                          |

### Product Details

|                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |          |

It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.</p> |          |
| Target Species        | Human                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |          |
| Product Form          | Purified IgG, liquid                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |          |
| Antiserum Preparation | Antiserum to human PAF was raised by repeated immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.                                                                                                                                                                                                                                                                                                                                                                                          |          |
| Immunogen             | A synthetic peptide presents the carboxyl-terminal tail of human PAF.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |          |
| Storage Buffer        | Dulbecco's PBS, pH 7.4, with 150 mM NaCl, 0.02% sodium azide                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |          |
| Specificity           | The non-phospho-PAF receptor antibody is directed against the distal end of the carboxyl-terminal tail of human PAF. It can be used to detect total PAF receptors in Western blots independent of phosphorylation. The PAF antibody can also be used to isolate and enrich PAF receptors from tissue lysates.                                                                                                                                                                                                                                                       |          |
| Guarantee             | 12 months from date of dispatch                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |          |
| Storage               | Store at -20°C.<br>This product should be stored undiluted. Avoid repeated freezing and thawing as this may denature the antibody.                                                                                                                                                                                                                                                                                                                                                                                                                                  |          |
| Regulatory            | For research purposes only                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |

|                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
