## 7TM Antibodies <br> ,

## Data Sheet (DS) 7TM0356N-IC

Issuing Date: 2020-04-09

| Description | SST2 (IHC-grade), Somatostatin Receptor 2 Antibody |
| :--- | :--- |
| Format | Purified, Liquid |
| Product Type | Rabbit Polyclonal Antibody |
| Isotype | Polyclonal IgG |
| Quantity | $100 \mu \mathrm{l}$ |

## Product Details

| Applications | This product has been reported to work in the following applications: |
| :---: | :---: |
|  | Dilution |
|  | Western Blot $1: 1000$ |
|  | Immunohistochemistry $1: 100$ |
|  | Immunocytochemistry 1:200 |
|  | This information is derived from testing within our laboratories and peerreviewed publications. Please refer to references indicated for further information. For general protocol recommendations, please visit https://7tmantibodies.com/7tm-antibodies-support/7tm-protocols/ Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls. |
| Target Species | Human, Mouse, Rat |
| Product Form | Purified IgG, liquid |
| Antiserum Preparation | Antiserum to Somatostatin Receptor 2 was raised by repeated immunization of rabbits with highly purified antigen. Purified $\operatorname{lgG}$ was prepared from whole serum by affinity chromatography. |
| Immunogen | A synthetic peptide corresponding to residues 335-369 of human, mouse and rat SST2 |
| Storage Buffer | Dulbecco's PBS, pH 7.4, with $150 \mathrm{mM} \mathrm{NaCl}, 0.02 \%$ sodium azide |
| Specificity | The SST2 receptor antibody is directed against the distal end of the carboxyl-terminal tail of mouse, rat and human Somatostatin Receptor 2. It detects selectively the canonical form of SST2 (also referred to as SST2A) and not the putative splice variant SST2B. In can be used to detect total SST2 receptors in Western blots independent of phosphorylation. The SST2 antibody can also be used to isolate and enrich SST2 receptors from tissue lysates. It also detects SST2 in cultured cells and tissue sections by immunohistochemistry. The SST2 antibody has been validated using knockout mice (KO-Validated). |
| Guarantee | 12 months from date of dispatch |

| Storage | Store at $-20^{\circ} \mathrm{C}$. <br> This product should be stored undiluted. Avoid repeated freezing and <br> thawing as this may denature the antibody. |
| :--- | :--- |
| Regulatory | For research purposes only |
| Health and <br> Safety <br> Information | Material Safety Data Sheet documentation is available at <br> https://7tmantibodies.com/7tm-immuno-grade-antibodies/human-7tm- <br> receptors/sst2/26/sst2-ihc-grade-somatostatin-receptor-2- <br> $\frac{\text { antibody?c=487 in the downloads section as: }}{\text { Safety Data Sheet EU }}$ <br> Safety Data Sheet US |
