# **7TM**Antibodies

# Data Sheet (DS) 7TM0081N

### Issuing Date: 2024-08-19

| Description  | GPR183 (non-phospho), GPR183 Antibody |  |
|--------------|---------------------------------------|--|
| Format       | Purified, Liquid                      |  |
| Product Type | Rabbit Polyclonal Antibody            |  |
| Isotype      | Polyclonal IgG                        |  |
| Quantity     | 100 µl                                |  |

# Product Details

| Applications   | This product has been reported to work in the following applications:  |   |  |
|----------------|--|---|--|
|                |  | Dilution  |  |
|                | Western Blot   | 1:1000  |  |
|                | Immunohistochemistry   | 1:100   |  |
|                | This information is derived from testir<br>reviewed publications. Please refer to<br>information. For general protocol reco<br><u>https://7tmantibodies.com/7tm-antibo</u><br>Suggested working dilutions are give<br>recommended that the user titrates the<br>system using appropriate negative/po   | o references indicated for further<br>commendations, please visit<br>dies-support/7tm-protocols/<br>n as a guide only. It is<br>ne product for use in their own |  |
| Target Species | Human  |   |  |
| Product Form   | Purified IgG, liquid   |   |  |
| Antiserum      | Antiserum to G Protein-Coupled Receptor 183 was raised by repeated   |   |  |
| Preparation    | immunization of rabbits with highly purified antigen. Purified IgG was prepared from whole serum by affinity chromatography.   |   |  |
| Immunogen      | A synthetic peptide presents distal end of carboxyl-terminal tail of human GPR183.   |   |  |
| Storage Buffer | Dulbecco's PBS, pH 7.4, with 150 mM NaCl, 0.02% sodium azide   |   |  |
| Specificity    | The non-phospho-GPR183 receptor antibody is directed against the distal end of the carboxyl-terminal tail of human GPR183. It also detects GPR183 in cultured cells and tissue sections by immunohistochemistry. It can be used to detect total GPR183 receptors in Western blots independent of phosphorylation. The GPR183 antibody can also be used to isolate and enrich GPR183 receptors from tissue lysates. |   |  |
| Guarantee      | 12 months from date of dispatch  |   |  |
| Storage        | Store at -20°C.<br>This product should be stored undilut<br>thawing as this may denature the ant   |   |  |

| Regulatory  | For research purposes only   |
